Patient Education Council
Student Council Annual Report for University of Arizona College of Pharmacy
Submitted by Briana Choi, Student Council President
Submitted: May 2018

- **August**
  - Orientation (Tucson): organize introduction of student organization, prepare a professionalism talk
  - Organization Showcase (Phoenix): organize introduction of student organization

- **September**
  - Student Council Retreat: thumb drives with all the information are given, advisors are invited, housekeeping issues addressed, food was provided

- **October**
  - Monthly student council meeting

- **November**
  - Fundraising: business card
  - Monthly student council meeting

- **December**
  - Last meeting of the semester with food

- **January**
  - First meeting of the semester

- **February**
  - Monthly student council meeting

- **March**
  - Monthly student council meeting

- **April**
  - Mr & Mrs. Pharmacy fundraising event with PLS: raised $150
  - Monthly student council meeting

- **May**
  - End of Year Picnic: 120 people RSVP’d, ordered food for 200 people. Had leftover food.
  - Theodore G. Tong Distinguished Award Recipient: Ivo Abraham
AMCP Annual Report for University of Arizona College of Pharmacy
Submitted by Ana K. Ramirez, AMCP President
Submitted: May 2018

- **September**
  - Officer’s meeting
  - Monthly meeting: 9/12
    - Guest Speaker: Ana Ramirez, President of Student Chapter
    - Summary of Meeting: Ana provided a comprehensive overview not only of the AMCP national organization, but also of student specific activities. Details about student summer internships were shared to students who may be interested in applying.
    - Attendance: 36

- **October**
  - Officer's meeting
  - Bake Sale: October 10th
  - Lunch Meeting 10/16: Guest Speaker- Christopher Edwards, Senior Pharmacy Manager from Banner University Medical Center Tucson
    - Summary of meeting: Dr. Edwards spoke about the details of Hospital P&T committees, what professionals are involved in the committee and role of pharmacists in creating drug monographs and proposing formulary changes
    - Attendance: ~30
  - AMCP Nexus Meeting:
    - October 16-19th
    - 5 members of the organization attended:
      - David Ahn, Jared Tate, Angel Soto, Jan Jimenez, Hee Ju, and Ana Ramirez
      - Ana Ramirez presented a poster abstract about her research during her summer internship with PBM HealthPartners in Minnesota and Pfizer,Inc.

- **November**
  - Monthly meeting: 11/13
    - Guest Speaker: Peter Vu, Clinical Services Manager at Coventry, could not attend the meeting, there was a last-minute lunch meeting cancellation.
  - AMCP Fall Merchandise:
    - Launch of UA COP Moscow mules and mason jars

- **December**
  - Started National P&T Competition
    - Drug of interest: Xultophy (insulin degludec and liraglutide injection)
    - Summary of Activity: The national P&T competition gives student chapters the opportunity to practice interpreting and applying clinical and pharmacoeconomic data (via the manufacturer prepared eDossier).
    - Team Members: Ana Ramirez (competition coordinator), Jared Tate, Karen Tsui, David Ahn

- **January**
  - Submitted P&T to Nationals
    - Submission included a Drug Monograph, a review of overall dossier quality, a review of pharmacoeconomic information, and a PowerPoint presentation outlining group’s proposed coverage criteria.
  - Spring Merchandise Sale
    - AMCP introduced their Spring Merchandise
- **UACOP non-see-through workout fabric leggings**
  - $35 unisex
  - AMCP E-board welcome back social potluck at Dr. Malone’s house

**Jan/February**
- Monthly meeting: 1/30
  - Guest Speaker: Kathryn Munoz from Sanofi Pharmaceutical Pharmacy and Jon Glover from Pfizer, Inc
  - Summary of meeting: Drs. Munoz and Glover shared about the roles of pharmacists in industry pharmacy, talked about their journeys of how they got to where they are now. They shared the great variability and flexibility that comes from working in industry and how working from home is an option for those interested.
  - Attendance: 32

**March**
- AMCP Annual Meeting: Boston, Massachusetts
  - Our faculty adviser Dr. Malone attended the national meeting.
- Lunch Meeting 3/12: Guest Speaker: Stephanie Forbes, Director of The University of Arizona Medication Management Center
  - Dr. Forbes shared interview tips and how to stand out in an interview. Dr. Forbes opened it up for general question and answer for anyone who had questions about residency or jobs.

**April**
- Election Meeting: 4/11
  - New E-Board:
    - President: Kristen Pyland
    - President Elect: Brittany Andersen
    - Secretary: Amanda Urban-Tovar
    - Treasurer: Dan Streng
    - VP of Membership: Andrew Hirakawa
    - VP of Fundraising: Michael Weissmueller
- AMCP social and transition meeting at Culinary Dropout
The chapter began its year with the annual retreat, which took place near the end of March at Las Palomas Country Club. All executive board members our chapter advisor were present. We began the evening by introducing all newly elected executive members to the advisor and reviewing the roles and expectations for each position. We spoke of our hopes and dreams for University of Arizona (UA) APhA-ASP and the various ways we could improve and further contribute to the evolution of the chapter.

During orientation we were very successful with selling drug practice cards, pharmacy notecards students use to learn about medication indications and their various mechanisms of action. In addition to the numerous fundraisers APhA offered within the organization, APhA-ASP also increased its collaboration with different student organizations, resulting in increased efficiency and a variety of ideas. We were also one of the two organizations involved in providing the official pharmacy polo shirt for the college; these polos are what students use for their IPPE rotations and other official college activities. In the spirit of cooperation, we successfully joined with NCPA and now only provide one polo shirt to the college, resulting in less confusion regarding which organization to order College of Pharmacy (COP) apparel from. We also collaborated on a website through which students could order polos and other university pharmacy apparel from, further decreasing errors in taking the orders and distributing them among the students.

We were able to heavily subsidize membership using funds we had raised last year for all the incoming first-year students. Over 90% of first-year students joined UA APhA-ASP and we have over 250 active members on campus. This enabled us to greatly increase participation and outreach amongst APhA-ASP members. One of our Chapter's significant improvements in the past year was the increase in student involvement on the regional and national level. Over 13 student members attended our annual meeting this year in Nashville, Tennessee. This level of participation from our Chapter was beneficial to promoting passion for APhA-ASP among our members because networking and learning from other Chapters on a regional and national level have inspired more involvement and creative ideas. By having such large involvement nationally, we were able to show why the University of Arizona is among leaders in pharmacy and what a large impact to the profession of pharmacy we create.

To promote American Pharmacist’s Month, our VP of Social and Professional Events organized our annual “Pharmacy Day on the Mall” event, consisting of different health fair booths and informational presentations on the University of Arizona Main Campus lawn. This allowed us to reach out to the 40,000-student population of the campus and promote our profession and knowledge as health care professionals. Our Chapter collaborated with other student pharmacy organizations and fraternities, to allow them space at our event to present informational material on different health topics targeted towards college students including good sleep hygiene, sexually transmitted diseases, and mental health. To advertise for this event, our Chapter bought space in the daily college circulating newspaper that reaches thousands of University of Arizona students.

The executive board, consisting of the President, President-Elect, VP of Policy and Advocacy, VP of Patient Care, VP of Membership, VP of Fundraising, VP of Professional and Social Affairs, VP of Communications, Treasurer, and Secretary, met frequently in order to discuss upcoming events and ensure proper planning and execution of all our matters. During the Spring 2017 Semester, we held our annual transition dinner at the Stillwell House in downtown Tucson to present our new executive board to other members of the university.
The mission for ASCP is as follows: “The American Society of Consultant Pharmacists empowers pharmacists and other healthcare professionals to enhance quality of care for all older persons through the appropriate use of medication and the promotion of healthy aging.”

The goal of the student chapter is to have students enrolled in the University of Arizona College of Pharmacy participate in service projects and events geared toward the geriatric population. Through this student organization we hope to foster a bond between students and elders as well as expose students to the role of a consultant pharmacist in geriatric and hospice care in the community.

2016-2017 ASCP Chapter Officers:

- President: Aileen Dauz
- President-Elect: Bobbie Le
- Public Relations: Mariam El-Zein
- Webmaster: Bona Kwak
- Community Outreach Director: Yvonne Ng
- Treasurer: Bethany Nguyen
- Secretary: Koanhee Rim
- Historian: Yvonne Lee
- Director of Membership: Gavin Chiles
- Director of Fundraising: Anne Hiller
- Phoenix Campus Coordinator: Bianca Ortiz

St. Luke’s Home Interprofessional Clinics:

04/14/2018 ASCP Heart Health Clinic at St. Luke’s Home. 8 pharmacy students participated.

03/10/2018 ASCP Gastrointestinal Health Clinic at St. Luke’s Home. 4 pharmacy students participated.

02/10/2018 ASCP Hearing Clinic at St. Luke’s Home. 8 pharmacy students participated.

01/13/2018 ASCP Oral Health Clinic at St. Luke’s Home. 7 pharmacy students participated.

11/18/2017 ASCP Healthy Moods Clinic at St. Luke’s Home. 8 pharmacy students participated.

10/14/2017 ASCP Medication Safety Clinic at St. Luke’s Home. 16 pharmacy students participated.
09/09/2017 ASCP Healthy Eating Clinic at St. Luke’s Home. 8 pharmacy students participated.

♦ ASCP Other Events:

• September 19, 2017: ASCP Lunch Meeting: an introduction to the chapter, overview of the semester’s events, and some information about the officer positions available and the ASCP Annual Conference.

• October 24, 2017: ASCP Lunch Meeting: announcement of the new officers, followed by a brief officer meeting with new and past officers to pass on the elected roles for the school year.

• November 21, 2017: ASCP hosted a Percentage Night at Graze and Choice Greens in Tucson, AZ.

• November 29, 2017: ASCP Semester Bake Sale where baked goods made by the St. Luke’s Home, Starbucks coffee, fruit, bagels, and other healthy options were available for everyone to enjoy; portion of the proceeds benefiting St. Luke’s Home.

• December 4, 2017: ASCP and CPNP joint Lunch Meeting with guest Speaker Dr. Martha Fankhauser, MS Pharm, FASHP, BCPP who gave a presentation on her private consulting practice. Dr. Fankhauser specializes in Neuropsychiatric Pharmacy Practice and was a faculty member from 1982 to 2010 in the Department of Pharmacy Practice at the University of Arizona College of Pharmacy.

• January 31, 2018: ASCP Semester Bake Sale with baked goods made by the St. Luke’s Home, Starbucks coffee, fruit, bagels, and other healthy options were available for everyone to enjoy; portion of the proceeds benefiting St. Luke’s Home.

• February 6, 2018: ASCP Lunch Meeting featuring Dr. Nina Vadiei, PharmD, who discussed her experience in geriatric psychiatry. Dr. Vadiei is a clinical pharmacist in psychiatry at Banner UMC South and her practice includes comprehensive medication management services in the senior care unit.

• February 9, 2018: ASCP co-hosted a rodeo-themed party with the College of Medicine and College of Nursing at St. Luke’s Home as a way of thanking the elders for participating in the clinics. ASCP members volunteered set up and serve dinner during the party and the chapter also made a financial contribution by purchasing cowboy hats and bandanas for the elders.

• March 19, 2018: ASCP Lunch Meeting with guest speaker Mr. Rob Tinsley, who discussed independent pharmacy’s role in supporting long term care facilities. Mr. Tinsley is the Vice President of Pharmacy Services at Independent Pharmacy Cooperative.

• March 19 through March 22, 2018: ASCP Spring Membership Drive, when students from both Phoenix and Tucson campuses were entered in a raffle upon signing up to become a member. Our raffle winner for a $25 Starbucks Gift Card was Ann Shangraw.

• April 18, 2018: ASCP and CPNP Joint Lunch Meeting with guest speaker Mr. Sam Kirschbaum from the HOPE Center who spoke about the opioid crisis in Tucson and community resources to help those affected.
• April 17, 2018: ASCP hosted a Percentage Night at Trident Grill in Tucson, AZ.

♦ ASCP will be holding elections in the Fall during our second lunch meeting in October. Interested members are invited to join at the national site, which is as follows: https://www.ascp.com. Both the student membership through the College of Pharmacy and the National Student Membership are free for Doctor of Pharmacy Students.
The Arizona Pharmacy Association- Student Pharmacist Academy (AzPA-SPA) is committed to serving pharmacy professionals across all practice settings, fostering relationships between pharmacy students and pharmacists, and advocating for the pharmacy profession.

AzPA Annual Convention

Each year the annual convention hosts programming directed toward students in our “Student Track”. This gives AzPA-SPA the opportunity to network with future preceptors, residency sites, and employers while developing their skills. Content included clinical pearls, residency roundtables, and mock interviews. Students also participated in the poster presentation competition. Additionally, a casino night fundraiser was held to benefit the student pharmacist academies of both Midwestern and University of Arizona Colleges of Pharmacy. Students had the opportunity to present, network, and enjoy social events with other professionals. This year our annual convention planning committee is working again to ensure the student track at the convention is a success. AzPA is passionate about student involvement and has created opportunities for student volunteers in an effort to decrease students cost of attending conferences.

Pharmacy Day at the Capitol

Over 100 pharmacy students from the University of Arizona and Midwestern University as well as pharmacists gathered at the Capitol in Phoenix this April to discuss healthcare legislation and meet with legislators to talk about current pharmacy and healthcare issues. Students presented posters to legislators and their staff on various healthcare topics such as vaccinations, smoking cessation, and collaborative practice with physicians as well as federal pharmacy scope of practice, medically underserved areas, and pharmacists in academia and research. Blood pressure screenings were also provided. Student also meet with legislators one-on-one to promote the advancement of the profession within the state.

Southwest Clinical Seminar

This seminar has a clinical pharmacy focus and is a great opportunity for pharmacists and students alike. Student volunteers announced speakers, helped check in attendees, and helped AzPA staff all while networking and soaking in new clinical information to use in practice.

Mentor Connection Program

AzPA’s Mentor Connection Program matches Arizona pharmacy students with pharmacists each academic year to help build relationships and further students’ interest in areas of pharmacy that appeal to them. Pharmacists also help students through providing shadowing opportunities, CV reviews, and/or interview preparation.

Katy’s Kids

Katy’s Kids, in cooperation with the Arizona Pharmacy Foundation, participated in a number of events this year to help educate Tucson children on medication safety. Our most notable event was the Health and Wellness Fair and Community STEM festival where we reached out to hundreds of children in the Tucson community. Booths included stethoscope education where children could listen to heart and lung sounds, medication safety booth where children learned the difference between candy and medications, and a photo booth with our Katy the Kangaroo mascot.
Arizona Pharmacy Foundation (APF) Ball

The APF Ball is a fundraiser for the non-profit Foundation, which supports student scholarships. This past fall the APF Ball was held at Ashley Castle in Chandler. Four pharmacy students from the University of Arizona attended the event along with Midwestern pharmacy students and pharmacists from all over Arizona.

Lunch Meetings

Lunch meetings included the following topics:

- Introduction to AzPA and membership benefits
- A quick guide to a four year plan: an overview of the next 4 years with emphasis on residency timeline
- Legislative update: preparation for pharmacy day at the capitol
- Election meeting
- AzPA-SSHP joint meeting with Patrick Hryshko, PharmD- Discussion on his clinical experiences, residencies, networking, and involvement in organizations
- Mentor-Mentee connection meeting: what to expect and how to make a good impression

Bake Sales

AzPA-SPA held two bake sales at the College of Pharmacy throughout the 2017-2018 school year to raise funds for the chapter, with about $150 being raised at each sale. There was support from various pharmacy students, faculty, other health professional students, and the public.
CPNP Collegiate Chapter Annual Report

The CPNP Collegiate Chapter Manual requires that Collegiate Chapters fill out an annual report and mail and email one copy to CPNP National by July 15th of every year.

The intent of the Annual Report is to ensure that a readable record of Collegiate Chapter activities is left for CPNP archives and subsequent Chapter officers who are going to take over the administration of the Chapter in years to come.

**FINANCES**

Chapter membership dues (if any): 2017-2018 $5 per year per student. List sources and amounts of income, including:
- Dues: $110.00
- Donations: $130.00

Percentage Night Fundraisers: $0
Bake Sale Fundraisers: $115.69 for Fall + $163.20 for Spring = $278.89
Fundraising Profit: $0

Financial position as of May 10, 2018
Gross Receipts for the Last Three Fiscal Years including Current Fiscal Year: 2018
Cash balance: $512.30
Accounts receivable: $0
Accounts payable: $0

**Description of Fall Semester Activities and Community Service**

**Student Organization Showcase, August 16, 2017**

This is an annual event during first year student orientation. All incoming students are introduced to the wide variety of student organizations available at the University of Arizona College of Pharmacy. Chapter officers were available to answer questions and provide insight on the benefits of joining CPNP. Two officers met with approximately 50 enthusiastic students interested in the opportunities afforded by a relatively new and upcoming student chapter. A flyer was available for the incoming students to take for more information about CPNP (see image below).
Membership Due Collection – September 11-15, 2017

Local chapter dues were collected during the second week of September. Nineteen students joined CPNP. There were four students from the class of 2019, nine from the class of 2020, and eight from the class of 2021.

Introduction to Psychiatric Pharmacy Meeting – September 25, 2017

The first monthly meeting of the fall semester for our student chapter. Faculty Advisor, Dr. Vadiei, led the meeting introducing interested students to psychiatric pharmacy and the value of becoming a CPNP member. Student President, Kriz Alvarez, introduced the chapter's goals, insights and opportunities for involvement. In addition, Kriz presented to the students membership benefits and registration instructions. Twenty potential members attended the meeting.

Walk to End Alzheimer's at Reid Park – October 21, 2017

The annual Walk to End Alzheimer's occurred at Reid Park. Two CPNP members attended and participated in this walk alongside ASCP members.

Tucson VA Hospital: Psychiatric Pharmacy – October 31, 2017

We invited the Southern Arizona Veterans Health Care System Psychiatric Pharmacy Team to provide a brief presentation to our students and members. One psychiatric pharmacist, Dr. Stephanie Lee, discussed her experiences with her PGY2 psychiatric residency and with helping psychiatric patients. She also explained her impact on her patients and the community. Fifty students attended the meeting.
Mental Illness and Psychopharmacology Forum – November 16,’ 2017

Martha Fankhauser hosted a free 2.5 hour forum where anyone could attend to hear her speak about mental illness and psychopharmacology. She presented in DuVal Auditorium located at Banner-University Medical Center.

Fall Bake Sale – November 20, 2017

CPNP student officers and members graciously donated baked goods and coffee which could be purchased on campus on a donation only basis. The bake sale served as a fundraising event for CPNP, but was also an opportunity to promote the chapter and our goals. Student members volunteered to staff the booth throughout the day. Eight members donated and volunteered for this event.

Private Consulting Practice – December 4, 2017

CPNP and ASCP hosted a joint meeting. We invited Martha Fankhauser, a nationally known psychiatric pharmacist and retired University of Arizona College of Pharmacy faculty member, to come speak to our students and members about her private consulting practice. She discussed what skills a pharmacist must possess in order to run their own private consulting practice. Twenty students attended the meeting.

Description of Spring Semester Activities and Community Service

First Annual UAHS Mental Health Awareness Day – February 15, 2018

CPNP coordinated with the UAHS Mental Health Awareness Committee to be a part of their first annual event. The event had booths set up for local groups, like NAMI and CPNP, to present information, resources, and more to the University of Arizona Health Sciences students. CPNP designed a flyer about myths related to psychiatric disorders and treatments that was passed out during this event. Four CPNP members staffed the booth. These members were able to converse and answer questions with the students who picked up flyers.

NAMI: In Our Own Voice – February 19, 2018

The first monthly meeting of the spring semester. Through NAMI we were able to contact members of the “In Our Own Voice” program to present to our students and members. Jennifer Frost discussed her experiences living with mental health conditions. Our students and members were able to hear, learn, and ask questions about mental health disorders. Thirteen students attended the meeting.

Presented 2018-2019 Elective Board – March 28, 2018

We presented our new elective board to the students and faculty members of the University of Arizona
College of Pharmacy.

**Spring Bake Sale – April 10, 2018**

CPNP student officers and members graciously donated baked goods and coffee which could be purchased on campus on a donation only basis. The bake sale served as a fundraising event for CPNP, but was also an opportunity to promote the chapter and our goals. Student members volunteered to staff the booth throughout the day. Seven members donated and volunteered for this event.

**Opioid Crisis – April 18, 2018**

CPNP and ASCP hosted a joint meeting. We invited Sam Kirschbaum from the HOPE Center to come speak to our students and members about the opioid crisis in Tucson. He explained how opioid abuse can occur in the young and elderly. He explained how we can get involved as health care providers to recognize the signs and get involved in getting the patient recovering from opioid abuse. Twenty-eight students attended the meeting.

**INCOMING OFFICER LIST**

IPSF Annual Report for University of Arizona College of Pharmacy  
Submitted by Joanna Deng, IPSF President-Elect  
Submitted: May 2018

The University of Arizona College of Pharmacy (UACOP) American Pharmacist Association Academy of Student Pharmacists (APhA-ASP) International Pharmaceutical Students’ Federation (IPSF) chapter has continued to evolve in this past year. Maintaining the IPSF mission of promoting improved public health, the chapter continued to provide information, education, networking, and professional development opportunities, advancing current IPSF campaigns and projects. Through these campaigns and projects, the chapter made an impact in the local community and established a positive reputation on national and international levels. While all APhA-ASP patient care projects are IPSF activities, this report will focus on the main IPSF activities including International Involvement and Health and Medicine Humanitarian Campaigns and Projects.

International Involvement

The UACOP chapter takes great pride as a student exchange program (SEP) host-site. The chapter hosted two students from the Hungary and Korea between in July-August 2017. This upcoming summer, 1 student from Poland will be hosted on our campus. Additionally, over the last year, the chapter has hosted several cohorts of students from Kobe and Meijo Universities in Japan, one student from Costa Rica, as well as two students from Singapore. Though these cohorts were not an official SEP, the IPSF chapter has become the UACOP’s official organization in charge of planning schedules and social experiences for international visitors. Housing is provided by volunteer UACOP students and faculty. In addition, social experiences and trips to various American attractions were planned for these visitors as well.

In recent years, while the chapter has continually hosted students through SEP, it has fallen short in sending students to other locations through the SEP. Last year, the chapter was excited to be send one student to Mexico through the SEP, and hopes to send more students this upcoming year. Additionally, the UACOP chapter has continued to build on the work of past leadership by providing new travel opportunities for students. Over the past four years, the chapter and the chapter’s faculty advisor organizes a two-week international trip to either Kobe, Japan (2014, 2016) or Bangkok, Thailand (2015, 2017). Like a SEP experience, students were exposed to international pharmacy practices that encompassed cultural differences while also advancing their professional development. This upcoming summer, the chapter plans on sending another twenty-two-student cohort to multiple cities in Japan for another annual international professional development trip. To make these travel opportunities financially feasible, the chapter holds an annual international-themed fundraiser dinner. This event is an evening that highlights the diverse cultural background that the UACOP students and faculty represent, showcasing a plethora of ethnic foods and entertainment from every corner of the world. Over 200 students, faculty, residents, staff, family and friends attended. Through this fundraiser, the chapter raised approximately $4,600 for student travel.

Health and Medicine Humanitarian Campaigns and Projects

The UACOP IPSF chapter participated in numerous IPSF campaigns and projects this year. The Vampire Cup coordinator worked with the American Red Cross to organize the sixth annual Vampire Cup at the Tucson UACOP and the second annual Vampire Cup on the Phoenix campus. Both blood drives were a success and 59 units of blood were donated which means that the chapter potentially saved 177 lives. The Vampire Cup lasted from February to April 2017. To incentivize blood donations, a bagel breakfast, sponsored by a local community pharmacist and past IPSF Vampire Cup Coordinator, was awarded to the class that had the most student donations.

The HIV/AIDS Awareness coordinators hosted an educational lunch meeting and initiated a college-wide awareness project during the month of November 2017 leading up to World AIDS Day on December 1. Dr. Kristen Ellis a clinical pharmacist who works with HIV/AIDS patients, led the educational meeting. More than 50 students were educated on the history of HIV and AIDS, ever-changing treatment options, the pharmacist role in patient management, and challenges faced day-to-day in managing HIV/AIDS patients. Additionally, the coordinators organized a chapter event to help the Southern Arizona AIDS Foundation
with the 2017 Tucson AIDS Walk. Our chapter members helped set up for the event as well as encouraged the participants who ran in the race.

The chapter continued to build on its strong Tobacco Awareness efforts from past years and with two tobacco cessation coordinators, they were able to attend ten APhA-ASP sanctioned health fairs this year to present an informational poster, educating over 150 tobacco users and referring 28 tobacco users to ASHLine (Arizona Smoker’s Helpline), which provides free phone and online counseling and resources to help tobacco users quit, as well as free nicotine replacement therapy. The coordinators also attended the UACOP’s orientation week and played a role in certifying all first-year student pharmacists in tobacco cessation counseling.

**Local Campaigns**

Although not an official IPSF campaign, the UACOP chapter takes great pride in promoting organ and tissue donation. The chapter held multiple donor registration events as well as an informational meeting. The chapter participated in the UACOP’s yearly “Pharmacy Day on the Mall” event to set up a booth to educate students and community members about the benefit of tissue and organ donation and to recruit potential donors. The chapter also held a lunch meeting where a representative from Donate for Life, a non-profit organization that helps donor and recipient families with the organ donation process, spoke to chapter members about the process of organ donation, registration, as well as what organs/tissues would be able to donate. An organ donor family member shared their story about how organ donation affected their life. Building on last year’s success, the IPSF chapter hopes to continue the relationship with the Donate for Life and further expand IPSF’s involvement heading into the future.
List the name of School or College of Pharmacy name
○ The University of Arizona College of Pharmacy

List the name and email address of chapter officer submitting this report
○ Christelle Louise Feliciano (cfeliciano@pharmacy.arizona.edu)

State the number of regular chapter meetings that were held in 2017-2018. Additionally, if the chapter officers met separately, state how many chapter officer meetings were held in 2017-2018.
○ Regular meetings: 6
○ Officer meetings: 8

Neighborhood Community Service (1500 words)
Independent pharmacists have a tradition of community service. Describe neighborhood community service project, events or fundraising happenings that the chapter held throughout the year. Please describe goals that were set for the project or event (50 immunizations, 25 community members in attendance, etc.), and whether or not the goals of the event were met. Also note how many chapter members were involved in the planning, implementation and execution of the project or event.

- **Cholesterol screenings:** The University of Arizona College of Pharmacy hosts various health fairs throughout the Tucson community during the school year. These health fairs offer a variety of health screenings such as hypertension, blood glucose (diabetes), osteoporosis, cholesterol, as well as many educational booths. Our NCPA Student Chapter are in charge of cholesterol coordinators who coordinates the free cholesterol screening booth that is offered to underserved communities. In addition to coordinating training sessions for our fellow student pharmacists. We educated the individuals participating in the screenings what their total cholesterol, HDL, LDL, and triglyceride values were as well as lifestyle changes they can make in order to improve those numbers and their health overall. Our screening form follows the ACC/AHA cholesterol guidelines.

- **Charity Golf Tournament:** Our chapter’s biggest fundraiser during the school year is our annual charity golf tournament that takes place during the Fall semester. On Sunday, November 5th 2017 we hosted our 5th annual charity golf tournament at the Omni Tucson National Golf Course. We teamed up with the Tucson Alliance for Autism for the second time this year. Their charity has raised millions of dollars to help those with autism in the local Tucson area. This year’s tournament hosted different members of the community including pharmacy owners, pharmacists, physicians, and other healthcare providers. Our efforts raised over $4,000.00, half of which was donated directly to the Tucson Alliance for Autism. The other half went to our NCPA Student Chapter so that we can continue to host events for our members and the Tucson community. We are blessed to be able to work with such a wonderful charity and we look forward to next year’s partnership with them.

- **Ronald McDonald Chef for a Day:** Our NCPA student members volunteered their time and resources to the Ronald McDonald House in Tucson, Arizona. The Ronald McDonald House graciously hosts families that have children in the local children’s medical hospital right next door to them. Our NCPA members worked together in a team of 10-13 students once a month during the
school year to prepare meals that are fairly diverse for these families. These events are very rewarding to our members who volunteer and the family members staying at the Ronald McDonald House greatly appreciate our support.

- **Open Airways Program**: Our chapter has more than 8 student pharmacists that are trained Open Airways Facilitators through the American Lung Association. This program consists of members from our chapter volunteering one hour per week for five weeks to travel to a local elementary school and teach the students about their asthma. The elementary students love learning about what exactly their asthma is and how to manage it through proper inhaler technique, avoiding triggers, etc. Six of our members taught the Open Airways Program to students at five different elementary schools in our community throughout this past school year. This year was a slower year for Open Airways due to some unfortunate medical circumstances, however we plan to continue to expand the program next year.

- **Bake Sale**: We hosted a bake sale at our college in order to raise funds for the Boys & Girls Club of Tucson. Through the support of our students, faculty, and staff at our college, we were able to donate $200.00 to Boys and Girls Club of Tucson. We try to give back to the community as much as possible and doing something as simple as a bake sale can make a significant impact.

- **Look-book Sale**: Our chapter hosts a bi-annual look-book sale that happens in the fall and spring semester where we sell clothing items that are embroidered with our college of pharmacy’s logo through Williams & Associates to our students, faculty, and staff. Student pharmacists are required to wear an embroidered polo to their first IPPE rotation that can be bought through either our NCPA Student Chapter or our college’s APhA-ASP chapter. These polos are by far our best selling item because they are made of high quality polyester. This year we were able to raise over $1,000.00 towards our chapter so that we can continue to provide services and events to our student members and community. In the spring semester, we also collaborated with APhA-ASP on the lookbook sale in an effort to bring our college one source of polos. The results were a big success and we look forward to continuing this partnership next semester.

- **Naloxone Training Workshop**: Arizona is in the midst of an opioid epidemic, with record numbers of overdose deaths and other drug-related harms occurring. We offered a naloxone training workshop for both Phoenix and Tucson campus at the University of Arizona to train pharmacy students on recognizing an overdose situation, how to revive a patient, and how to administer naloxone. We trained well over 50 students who are not certified naloxone administration as well as educating patients in regards to this epidemic.

**Creating & Retaining Members (1500 words)**

NCPA relies on student chapters to recruit new members and retain member through pharmacy school. Robust membership and participation in NCPA on the national level is the cornerstone of a successful NCPA student chapter. State the number of NCPA student members in the chapter (that are registered nationally) and describe your recruiting efforts.

- **NCPA Student Members**: >100
• **Quad Membership Drive:** P1 student pharmacists at our college of pharmacy have the opportunity to participate in what we call the Quad Membership. This is an opportunity for them to join our college’s APhA-ASP, AzPA (state organization), NCPA, and ASHP student chapters at a discounted rate. This is a great way for them to explore the major organizations and see which one they are most interested in. P1s gain membership to all four organizations by paying one fee, instead of separate memberships. This is made possible by the VP of memberships from each organization fundraising all year long. This membership drive boosts membership for all of the organizations involved and over 90% of the incoming P1s participate.

• **Monthly Lunch Meetings:** Student pharmacists are excited to join/renew their membership with our student chapter mainly because of our monthly lunch meetings that we offer them. We are fortunate to bring in different pharmacy owners from around our state to inspire our members that independent community pharmacy is still strong today. We provide food from local restaurants at each of our meetings and we also raffle off gift cards in order to improve attendance.

• **Chapter Facebook Page:** In order to grow our chapter, we have an active Facebook page that highlights any events that we host throughout the year in order to show everyone our impact on the community. We also occasionally post informational articles relevant to pharmacy and often share stories from the national NCPA Facebook page. Our chapter’s page can be found [HERE](#).

• **Naloxone Training Workshop:** Arizona is in the midst of an opioid epidemic, with record numbers of overdose deaths and other drug-related harms occurring. We offered a naloxone training workshop for both Phoenix and Tucson campus at the University of Arizona to train pharmacy students on recognizing an overdose situation, how to revive a patient, and how to administer naloxone. We trained well over 50 students who are not certified naloxone administration as well as educating patients in regards to this epidemic.

---

**Promoting Independent Pharmacy (1500 words)**

NCPA Student Chapters promote community pharmacy practice and stimulate interest in independent pharmacy ownership. Chapters that do this important work are sure to thrive. The strength of a chapter is measured by its ability to engage pharmacy students to learn about community pharmacy practice and ownership through guest speakers and special projects. Describe projects the chapter completed which promote community pharmacy practice and pharmacy ownership.

• **Monthly Lunch Meetings:** As stated above, we hold monthly lunch meetings where we have pharmacy owners talk to our members about ownership and their story of where they are today. Our members greatly appreciate hearing about all that goes into owning your own pharmacy from the perspective of people who have already done it. We try to educate our members as much as possible
of all the opportunities that exist in independent community pharmacy, especially since there are many opportunities out in Arizona with the market being mostly chain pharmacies.

- **First Chapter Meeting of Year**: In September we host our first lunch meeting of the academic year and our advisor Dr. Kevin Boesen (CEO SinfoniaRx). The topic of the meeting is promoting engagement in pharmacy ownership through participating in NCMA events and reaching out to pharmacy owners. Dr. Kevin Boesen is the CEO of one of the largest MTM call centers in the world and is continually expanding. Students were able to gain insight of how to tackle challenges as a pharmacist and a business owner.

Advocating Legislative Action (1500 words)

NCPA Student Chapters are politically active. The NCPA Political Action Committee motto rings true, especially for our student chapters: “Get into politics or get out of pharmacy”. Describe projects the chapter completed that promote grassroots advocacy and the applicable advocacy topics on both state and national levels. Please make sure in your descriptions that you describe whether the event was on the state level or the national level.

- **Legislative Updates**: Our Legislative Liaison NCPA e-board member sits in on Arizona Pharmacy Association monthly legislative phone conferences in order to stay up to date on Arizona legislation. His notes are included in our NCPA weekly e-mails to students at our college and it is a great way for students to be aware of current legislation that is affecting their profession.

- **Pharmacy Day at the Capitol**: Every year our NCPA members attend Pharmacy Day at the Arizona Capitol which is organized by our AzPA and APhA student chapters. Students write letters/e-mails to their legislatures prior to the event to educate them on current pharmacy issues and to let them know we are coming to the capitol. We set up health screening and educational booths on the lawn of the capitol so that legislatures can come out and see all that pharmacists can provide to the community. Some groups of students get the chance to meet with their respective legislature in their office for a brief meeting on pharmacy issues.
September 2017

1. Percentage Night at Sweet Tomatoes
   a. PediaCATS raised funds to be donated to Diamond Children’s Pulmonary Center at Banner Hospital
   b. Tuesday, September 12th from 11 a.m. to 9 p.m.
   c. Sweet Tomatoes

2. 1st General Meeting with Dr. Nicole Varner
   a. Wednesday, September 20th from 12 – 1 p.m.
   b. Drachman Room B109 & location in Phoenix is COM2 2306

3. Wesley Tutoring Center
   a. The Wesley Tutoring program takes place in the Wesley Community Center, which is adjacent to the Wesley Clinic. The children come from very low income families and greatly look forward to working with tutors. Here pharmacy students will work alongside medical students to expose students ranging from 1st to 7th grade taught students the importance of sun safety and how to stay protected from the sun
   b. Friday, September 29th 2017 from 3 pm – 5:30 pm
   c. Wesley Community Center - 1300 S 10th Street Phoenix, AZ 85041

October 2017

1. Binational Health Fair
   a. PediaCATS with the Patient Education Chairs presented two fun learning activities with kids. One was a sun safety activity with UV color changing beads and the other was blister packs.
   b. Sunday, October 1st from 9 am – 1 pm
   c. San Miguel High School: 6601 S. San Fernando Rd. Tucson, AZ 85756

2. Express Scripts Autism Walk at the Phoenix Zoo
   a. The zoowalk is a fun family event that is also a major fundraiser for research at the ASU Autism/Asperger's Research Program.
      i. Funds raised this year will go to support 4 major studies, including:
         1. Treatment Effectiveness Survey – to determine which treatments are the best for different symptoms
         2. 2nd GI Treatment Study- this will be a follow-up to our previous highly-successful study of a new treatment for gut problems in individuals with autism
         3. Healthy Child Guide: this project is aimed at developing advice for families on how to prevent autism and other neurological problems
         4. Mom’s Study – a new study on how to evaluate and treat metabolic problems in mothers of children with autism, to improve their health and prevent future cases of autism
   b. Saturday, October 7th at 6:30 am
   c. Phoenix Municipal Stadium : 5999 E Van Buren St, Phoenix, AZ 85008

3. Sharon Seventh-Day Adventist Church Health Fair
   a. PediaCATS worked with the Patient Education Chairs to present two fun learning activities with kids. PediaCATS educated young students on the importance of consistent dosing, forms of medication, and properly labeling using a blister pack activity. In addition,
PediaCATS also taught the differences between bacterial and viral infections, the importance of completing dosing when given an antiviral/antibiotic though a fun game called Cells Wars.

b. Sunday, October 8th, 2017 from 1 pm – 5 pm
c. Tucson Sharon Seventh-Day Adventist Church 955 N. 10th Ave Tucson, AZ 85705

4. **Hoodie Fundraiser:**
   a. Raised funds to support PediaCATS’ activities in the community
   b. Monday, October 23rd – Friday, November 3rd

5. **PediaCATS Election Meeting**
   a. Monday, October 23rd from 12 pm – 12:50 pm
   b. Location in Tucson is Room B109 & location in Phoenix is COM2 2306

6. **Robison Health Fair**
   a. PediaCATS worked with Robinson Elementary School to present a variety of learning activity with kids. PediaCATS educated young students on the importance of consistent dosing, forms of medication, and properly labeling using a blister pack activity. In addition, PediaCATS also taught the differences between bacterial and viral infections, the importance of completing dosing when given an antiviral/antibiotic though a fun game called Cells Wars. Education booths where also presented such as regarding healthy eating, medication safety, healthy sleep habits, and microorganisms. PediaCATS compounded hand sanitizer with kids, using the opportunity to demonstrate the importance of sanitary compounding techniques, proper labeling, different measurement tools for liquids, and the critical thinking of why certain ingredients are used to compound the final product.
   b. Friday, October 27th, 2017 from 5:30 pm – 7:30 pm
   c. 5330 E Glenn St, Tucson, AZ 85712

7. **PediaCATS Bake Sale**
   a. PediaCATS raised funds to be donated to Diamond Children’s Pulmonary Center at Banner Hospital
   b. Tuesday, October 31st

---

**November 2017**

1. **Whitmore “Pie in the Sky” Math and Science Event**
   a. PediaCATS worked with Whitmore Elementary School to present a variety of learning activity with kids. PediaCATS educated young students on the importance of consistent dosing, forms of medication, and properly labeling using a blister pack activity. In addition, PediaCATS also taught the differences between bacterial and viral infections, the importance of completing dosing when given an antiviral/antibiotic though a fun game called Cells Wars. Education booths where also presented such as regarding healthy eating, medication safety, healthy sleep habits, and microorganisms. PediaCATS compounded hand sanitizer with kids, using the opportunity to demonstrate the importance of sanitary compounding techniques, proper labeling, different measurement tools for liquids, and the critical thinking of why certain ingredients are used to compound the final product.
   b. Tuesday, November 14th,
   c. 5330 E Glenn St, Tucson, AZ 85712

---

**January 2018**

1. **Project Taking Charge 3.0: Introduction**
   a. PediaCATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential
students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.

b. Sunday, January 14th from 8 am – 3 pm
c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713

2. PediacATS Bake Sale
   a. PediacATS raised funds to be donated to Diamond Children’s Pulmonary Center at Banner Hospital
   b. Wednesday, January 17th from 8 am – 12 pm

February 2018

1. Project Taking Charge 3.0: 1st day _ Germs/1st Aid Kit
   a. PediacATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.
   b. Saturday, February 3rd from 9 am – 12 pm
   c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713

2. PediacATS Fundraiser with Jamba Juice
   a. Raised funds to support PediacATS’ activities in the community
   b. Friday, February 7th from 12 pm – 1 pm

3. Project Taking Charge 3.0: 2nd day _ Diet/Exercise/Physiology
   a. PediacATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.
   b. Saturday, February 24th from 9 am – 12 pm
   c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713

March 2018

1. El Rio Health Fair
   a. PediacATS worked with the Patient Education Chairs to present two fun learning activities with kids: Blister packs and Cells Wars game.
   b. Saturday, March 3rd from 10 am – 1 pm

2. Project Taking Charge 3.0: 3rd day _ Medication Safety/Poison Control
   a. PediacATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.
   b. Saturday, March 3rd from 9 am – 12 pm
   c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713
3. **PediaCATS meeting—Residency Talk**
   a. Dr. Kathryn Matthias - Dr. Matthias received her Bachelor of arts in Biology-chemistry at Claremont McKenna College in Claremont California and her Doctor of Pharmacy at the University of Arizona in 2005. She completed her specialized residency in critical care in addition to her pharmacy practice residency here at the University Medical Center through the University of Arizona College of Pharmacy. She is also a board-certified pharmacotherapy specialist.
   b. Dr. Nicole Varner - Dr. Varner went to the University of Washington School of Pharmacy and earned her Doctor of Pharmacy Degree in 2009. She completed her PGY1 at the University of California San Francisco in 2010 and her PGY2 in pediatrics here at the University of Arizona in 2011. Currently, she is the residency program director for the PGY2 pediatrics program as well as a clinical assistant professor in the Department of Pharmacy Practice and Science. She is also a clinical pharmacist in the pediatrics department at Banner University Medical Center.
   c. Dr. Catherine Hobart - Dr. Hobart received her Doctor of Pharmacy from Duquesne University and completed her PGY1 pharmacy residency at the Rainbow Babies and Children’s Hospital. She will be completing her PGY2 in pediatrics here at Banner University Medical Center.
   d. Dr. Abeer Alsamari - Dr. Alsamari received her Bachelors in Pharmaceutical sciences at King Saud University at Saudi Arabia and she also received her Doctor of Pharmacy from Medical University of South Carolina. She has completed her PGY1 here at Banner University Medical Center and is currently completing her PGY2 pediatric pharmacy residency also at Banner University Medical Center.

April 2018

1. **Project Taking Charge 3.0: 4th day _ Sun Safety and Sleep**
   a. PediaCATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.
   b. Saturday, April 7th from 9 am – 12 pm
   c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713

2. **Project Taking Charge 3.0: 5th day**
   a. PediaCATS created a program that gathers data to understand the retention rates and change of habits over time through education intervention provided to upwards of 30 potential students. These students will learn about a variety of topics, including: microorganisms of disease, nutrition, first aid, physiology, medication safety, poison control, sun safety, sleep, and mental health. The entirety of this program is taught by students of the University of Arizona Colleges of Pharmacy, Medicine, Nursing, and Zuckerman College of Public Health.
   b. Saturday, April 29th from 9 am – 12 pm
   c. Templo La Uncion 2925 South 12th Ave Tucson, AZ 85713

3. **Great Strides Cystic Fibrosis Walk in Phoenix:**
   a. Raised and Donated: $1400
   b. Sunday, April 22nd

4. **Great Strides Cystic Fibrosis Walk with SSHP**
   a. Raised and Donated $100
   b. Sunday, April 28th

May 2018
1. **PharmCAMP – Phoenix May 19th – 31st**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
   b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.
   c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.

**June 2018**

1. **PharmCAMP – Casa Grande June 6th - 8th**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
   b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.
   c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.

2. **PharmCAMP – Yuma June 11th – 14th**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
   b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.
   c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.

3. **PharmCAMP – Nogales June 18 – 22nd**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
   b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.
   c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.

4. **PharmCAMP – Sierra Vista June 25th – 28th**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
   b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.
   c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.

**July 2018**

5. **PharmCAMP – Tucson July 9th – 12th**
   a. It is a community outreach program conducted by the University of Arizona College of Pharmacy every summer since 1997.
b. Generally, it is a 4-day program for middle school-aged students to participate in compounding exercises, field trips, and pharmacy/health-related learning activities.

c. PharmCAMP is an amazing opportunity that implants pharmacy students right into underserved communities. Here you able to show your love for pharmacy, the healthcare profession, and passing on invaluable information to the future of society.
Executive Board

- President: Joseph Murata
- President-Elect: Tyler Eastep
- Secretary: Dania Lopez
- Treasurer: Alma Guardiola
- Special Projects Coordinator: Randall Flores
- Student Liaison: David Seto
- Phoenix Liaison: Alexis Spence
- Faculty Advisors: Hanna Phan and Kathryn Matthias

Membership

- 31 members
  - Class of 2019: 4 members
  - Class of 2020: 9 members
  - Class of 2021: 18 members
  - Tucson Campus: 13 members
  - Phoenix Campus: 18 members

National Competitions

- ACCP Clinical Pharmacy Challenge
  - Team of Kelvin Tran, Steve Nguyen, Thu Phan, Maddy Tompkinson, and Jamie Vraney made it to Online Round 4 (top 16 teams of the competition)
- ACCP Clinical Research Challenge
  - Team of Ariane Guthrie, Erinn Fung, and Trace Bartels have advanced to the final round of the competition which includes a research proposal
  - Results to be announced June 11, 2018

Projects

- SCCP Clinical Pharmacy Pocket Guide
  - 24 members helped create the inaugural SCCP Clinical Pharmacy Pocket Guide
  - Topics covered in the first edition included Heart Failure, Hypertension, Dyslipidemia, Anticoagulation, and Ischemic Stroke
  - Pocket guides were distributed to members free of charge
- Residency Showcase
  - President Joseph Murata and President-Elect Tyler Eastep coordinated with SSHP and Dr. Cooley to help put together a residency showcase for P3 and P4 students
Lunch Meetings

- 8/28/2018 – Introductory Meeting
  - Discussed benefits of ACCP and SCCP membership and the ACCP Annual Meeting located in Phoenix Arizona
  - ~35-50 attendees
- 10/16/2018 – Acute / Critical Care Panel
  - Drs. Erstad, Campbell, and Phan spoke about their experiences with ACCP as well as their experiences in the specialty of acute/critical care
  - ~10-20 attendees
- 11/6/2018 – Pocket Guide Team Assignment
  - Members were separated in groups to work on their portion of the Clinical Pocket Guide and the topic of heart failure was discussed to help students go about putting their section of the pocket guide together
  - ~20-25 attendees
- 1/23/2018 – APPE Student Panel
  - Four current P4s on APPE rotations came to discuss their rotations and answer any questions about rotations, residency application process, etc.
  - ~35-45 attendees
- 2/26/2018 – Journal Club
  - Journal club discussion about the MODIFY I and II trials with Dr. Aaron Middleton and Dr. Juan Villanueva
  - ~13-18 attendees

Finances and Fundraising

- Bake Sales (9/20/17 and 3/14/18)
- Percentage Nights (10/24/17 and 4/10/18)
- End of the year bank account balance: $719.98
SSHP started of the 2017-2018 year with our annual Mentor Mentee BBQ on August 20th at Reid Park. This event paired up first year pharmacy students to an upperclassman to allow them to meet new people within the college and give them an opportunity to ask the upperclassmen for any advice following their new journey into pharmacy school. This event provided good food and good company for every student to relax before the first day of classes began.

During the first week of class, SSHP sold our UA College of Pharmacy lanyards and coffee tumblers to the students. We made approximately $100.

We then had our first lunch meeting on September 27 with Dr. Erstad with a discussion on ASHP’s Practice Advancement Initiative. The PAI is a profession-led initiative that is empowering pharmacists to take responsibility for patient outcomes in acute and ambulatory care settings. 61 students attended and got to learn so much from Dr. Erstad and the PAI initiative.

SSHP then held our percentage night at Tucson’s local PokeZone. 38 people attended and we raised approximately $300.

In October, we held our annual Brush and Bottle percentage night. It was very successful as 18 people came to support, drink wine, and paint a masterpiece with us. We approximately made $300. We also had our Midyear Informational Meeting on October 17 to discuss the logistics of the annual Midyear meeting, such as travel reimbursement, transportation, what to expect when coming, etc. It was very helpful to the students that were planning on attending.

SSHP also collaborated with SCCP to work with Dr. Cooley on planning the Preceptor Showcase, which was mandatory for every third year student. This event invited residency programs around Arizona, even including Alaska, to come to the UA to allow students to talk to potential residency programs. This event was very successful for students as fourth years also came to introduce themselves.

SSHP also had a Residency Roundtable event as well, open to every student, where residency directors and residents around Tucson came to answer any questions students may have about residencies. On November 12, SSHP participated in the SANDS Buddy Walk to raise awareness about Down Syndrome. On November 14, we had our annual executive board elections for the new year. This was very successful as we had many students send us their letter of intents on joining the executive board.

To start of the 2018 year, SSHP had our stethoscope fundraiser for the first year’s patient assessment class. This was a success as we raised approximately $200 for our chapter. We also held our annual transition dinner at Dragon’s View where new and old executive board members were able to pass on any information or answer any questions to make the transition easier. This was a memorable way to thank the old members for their wonderful work last year.

We then had our first lunch meeting of the year in collaboration with AzPA, to have Dr. Hyrshko talk about his experience at the Medication Management Center, AzPA and his involvement in the Kappa Psi Fraternity. This was great because the information presented was very interactive and allowed the students to practice their clinical skills.

April was one of our busy months. SSHP also had another percentage night on April 3rd at our local Chipotle and were able to raise $125. We also held a bake sale this month and raised $150. We also held our annual Interprofessional Clinical Skills Competition where we invited students from the College of Pharmacy,
Medicine, Nursing, and Public Health to come together and work on a team that plays on everyone’s strengths. We had a jeopardy styled game where their professors from each college wrote clinical questions. This was a great way for students from each college to work together as a team. We also held a silent auction during the week of the competition to raise funds for the Cystic Fibrosis Foundation. We also attended the Cystic Fibrosis Foundation walk on April 28th in collaboration with PediaCats and Kappa Epsilon.

Overall, SSHP had quite a busy year and we are so excited to see what’s to come in the next year!
Outgoing Officers:

Isha Shah - President
Debra Droopad - Vice President & Student Development Chair
Joseph Murata - Treasurer

Incoming Officers:

Ariane Guthrie - President
Erinn Fung – Vice President
Mo Fung - Treasurer
Tiffany Mejia – Student Development Chair
Alexis Spence – Phoenix Liaison
Saba Maghari – Phoenix Fundraising Chair

Event: How to Survive Pharmacy School (in collaboration with Rho Chi)

Date: Monday, September 11, 2017

Description: This lunch meeting was in collaboration with Rho Chi. The focus of this lunch meeting was to help first year pharmacy students learn about tips and tricks on being successful in pharmacy school. Each E-Board member of PLS and Rho Chi had a slide describing their advice to the first year students in order to be successful in pharmacy school. After all the members gave their piece of advice, the attendees were split into small groups that consisted of 2-3 PLS and/or Rho Chi officer facilitating a question and answer discussion. Students in each group were able to ask their facilitator any questions that they had in regards to how to manage schoolwork, extracurricular activities, etc. After the small group discussion, we reconvened as a large group and reviewed major topics discussed by every group. This event involved both Phoenix and Tucson students.

Event: PLS CV Writing Student Development Workshop

Date: Wednesday, October 25, 2017

Description: This was the second year PLS continued with the writing workshop, which preceded the annual faculty CV review. The meeting was led by Dr. Quaglietta, who was broadcasted from the Phoenix campus.
Dr. Quaglietta is a former captain at the Indian Health Services and has closely worked with the students at the College of Pharmacy by being a mentor, preceptor at various health fairs, and helping out with CV reviews for 4th year students. During this meeting, Dr. Quaglietta spoke about his experience reviewing students’ CVs and talked about tips to improve CV writing in order to become a competitive applicant for jobs, residencies, etc. At the end of the meeting, the PLS E-board emailed the attendees two different CV samples – one good and one bad example, as well as a blank CV format so students had the opportunity to create/modify their CV. This meeting included both the Phoenix and Tucson campus.

Event: Student Internship Meeting

Date: Wednesday, November 29, 2017

Description: At this lunch meeting PLS invited a panel of students who completed a summer internship or are currently working on an internship with various companies throughout the Tucson area. The purpose of this meeting was for students to learn about different internship opportunities they could be involved in either during the summer or throughout the school year. The panel of students included those who completed an internship at the VA (VALOR Program), Sunlife Family Health Center, Walgreens (Community Management Internship), and Tucson Medical Center. This meeting was a great way for attendees to get the opportunity to ask questions and speak directly to students who had completed an internship with these companies/hospitals and get more information about the job description, application requirements, deadlines, etc. This meeting involved both the Phoenix and Tucson campus. The attendees were also given the student panel’s contact information for any additional questions.

Event: PLS Annual Faculty CV Review

Dates: Wednesday, November 1 and Friday, November 3, 2017

Description: The PLS Faculty CV Review is an annual event hosted by PLS in which students are allotted 15-20 minutes to review their CV with a faculty member. This event provided students with the opportunity to get their CV reviewed before submission to the college during January time. This event allowed students to also gain CV advice from a second faculty member that is not their assigned faculty mentor at the college. By providing these individualized sessions, students were able to further improve their CV and gain insight from a second perspective. This event took place over 2 hours divided into two respective days. This event included both the Phoenix and Tucson campus.

Fundraiser: PLS Bake Sale

Dates: Wednesday, October 18 2017 and Tuesday, February 20, 2018

Description: Although PLS has a very small membership base and collects dues from only a small number of students, our events are geared towards benefiting students throughout the whole college. As a result, PLS hosted 2 bake sales over the year to raise money so that we would be able to provide lunch to attendees at meetings and workshops that we hosted.

Event: PLS New Member Update Meeting

Date: Wednesday, March 21, 2018
Description: This lunch meeting was for all newly selected PLS members and current officers. During this meeting, newly elected officers for the 2018-2019 year were introduced and congratulated. The purpose of this meeting was to update all PLS members about upcoming events including Mr. Pharmacy, Initiation Dinner, and Spring Leadership Conference.

**Event: Mr. Pharmacy Competition**

Date: Thursday, April 5, 2018

Description: Mr. Pharmacy is a student-led talent show where 6 male student pharmacists competed by showcasing their talent for a chance to win the title of Mr. Pharmacy 2018 at the DuVal Auditorium. This fun event was a fundraiser between PLS and Student Council to raise money for our respective organizations. This was the first year PLS put on the Mr. Pharmacy competition and it was a huge success. Participants displayed a wide variety of talent including freestyle rap, guitar playing, and stand up comedy. A total of $360 was raised from the event.

**Event: Phi Lambda Sigma Initiation Dinner**

Date: Wednesday, April 11, 2018

Description: At this annual PLS initiation dinner, newly selected members were inducted into the chapter. Faculty members and staff from the college were invited to this event to celebrate the achievements of our incoming members. This year, we initiated 12 new members and the Coit and White Coat speaker, Dr. Marie Chisholm-Burns, served as the special guest for the initiation dinner, which took place at the La Paloma Country Club.

**Event: PLS Spring Leadership Conference**

Date: Thursday, April 12, 2017

Description: PLS’s Spring Leadership Conference is an annual event that is hosted to help inspire students to become leaders in the college and in their community. Prior to the leadership conference date students received a leadership book by John C. Maxwell titled “The 21 Indispensable Qualities of a Leader,” and were expected to review the book prior to the conference. The event was started off with a presentation that highlighted key points from the leadership book. Afterwards, our keynote speaker, Dr. Chisholm-Burns took over the stage by opening up the floor for a Q&A panel in which she answered any questions related to leadership and the challenges faced by successful leaders. The last section of the conference consisted of 5 interactive group activities in which attendees practiced working in a team. The activities were geared towards helping students gain a hands-on understanding on the leadership principles discussed by the leadership book. Approximately 50 first year pharmacy students from the Tucson campus attended this event at the Kiewit Auditorium.

**Event: Distinguishing Between Leader and Manager Meeting**

Date: Monday, April 23, 2018

Description: This event was PLS’ last lunch meeting which featured 3 guest speakers, Dr. Jamie Von Glahn from Fry’s Pharmacy, Dr. Matthew Bertsch from Sunlife Family Health Center, and Dr. Elizabeth Hall-Lipsy from the College of Pharmacy, who are great leaders within the pharmacy community, to share their
experiences and opinions about the major difference between a leader and manager. All the speakers provided a unique and fresh insight regarding how students can be successful and innovative leaders and how we can go about advancing the pharmacy profession with leadership and professionalism. This meeting involved the Phoenix and Tucson campus.
Rho Chi Annual Report for University of Arizona College of Pharmacy  
Submitted by Thomas Hansen, Rho Chi President  
Submitted: May 2018  
Name of School/College: University of Arizona College of Pharmacy

Chapter name and region: Alpha Psi, mountain region – Region VIII

Chapter advisor’s name and e-mail address: Nathan Cherrington (cherrington@pharmacy.arizona.edu)

(If chapter has a co-advisor, please list name and email address):

For split campuses, please list advisor and email address for each campus, if applicable:

Delegate who attended the Rho Chi Annual Meeting: Chongwoo Sun and Ariane Guthrie

(Note: Any chapter failing for three successive years to have a delegate at the National Convention shall be declared “inactive” by the Executive Council and may not elect members unless and until reinstated – Article 4, Section 3, Rho Chi Society Bylaws) Note that Advisors attending the National Conventions may serve as delegates in the absence of a student or non-student member delegate—Article 7, Section 7, Rho Chi Society Bylaws.

Date delegate’s name submitted to Rho Chi: 3/14/2018

Past year’s officers and e-mail addresses:

President: Thomas Hanson (hanson@pharmacy.arizona.edu)  
Vice President: Eric Smith (esmith@pharmacy.arizona.edu)  
Secretary: Isha Shah (ishah@pharmacy.arizona.edu)  
Treasurer: Cindy Cho (cho@pharmacy.arizona.edu)  
Historian: Kiz Alvarez (kalvarez@pharmacy.arizona.edu)  
Education chair: Chongwoo Sun (chongwoosun@pharmacy.arizona.edu)  

New officers and e-mail addresses for next academic year:

(If not yet elected, please indicate date of anticipated election and report names within one week of election)

President: Hunter Hoffmann (hoffmann@pharmacy.arizona.edu)  
Vice President: Jubair Hussain (jhussain@pharmacy.arizona.edu)  
Secretary: Jovan Erfan (erfan@pharmacy.arizona.edu)  
Treasurer: Bethany Nguyen (bethanynguyen@pharmacy.arizona.edu)  
Historian: Bona Kwak (kwak@pharmacy.arizona.edu)  
Education chair (new position): Ariane Guthrie (aguthrie@pharmacy.arizona.edu)
Number of Rho Chi student members at college or school, listed by class year and program (and by campus if more than one campus):

Pharmacy, class 2018: 20
Pharmacy, class 2019: 24
Pharmacy, class 2020: 24
Graduate students: 8

**Strategic Planning:** What goals were set that relate to the Rho Chi mission? (Limit 0.5 page)

One of our Alpha Psi chapter’s goals is to promote academic excellence and intellectual leadership in pharmacy. Our chapter fulfilled this goal by continuing How to Succeed in Pharmacy School. This event, aimed towards first year pharmacy students, sets the precedent for academic excellence for the new students entering the College of Pharmacy. By having an open discussion with the new students it allowed for students to gain valuable knowledge of how to be successful students while enrolled here at the College of Pharmacy. We also promoted academic excellence by hosting our annual rewards luncheon in the fall were we recognized second, third, and fourth year students with a GPA over a 3.5. It rewarded those students who achieved academic excellence and motivated them to continue their high academic standard. It also helps motivate the first year students to achieve an attainable goal. Rho Chi is comprised of only the top 20% of each pharmacy class leaving many students with high academic standards not being recognized. By hosting this luncheon it is a way that the Alpha Psi chapter can recognize those students who do not make Rho Chi in a positive and encouraging way. The last example of academic excellence displayed by the Alpha Psi chapter is the Healthy Body and Mind session hosted at the end of the fall semester. By promoting positive methods of how to handle stress we continued the chapters tradition of maintaining academic excellence and encouraging others in the college to do the same during high stressful times.

**Activities:** This section is usually the primary focus of the report. The chapter reports should contain detailed descriptions of all activities developed and conducted to further the society’s mission (See Appendix
1 for Chapter Activities Report Template). (For split campuses, please reference the activities by campus.) It may contain a combination of activities within the college and/or university as well as activities that provide outreach outside the academic community. School-wide events that provide evidence of intellectual leadership (e.g., a sponsored lecture, symposium, poster session, etc.) may be included. Service activities for non-members such as tutoring may be included. It is recommended that students also provide at least one community service activity outside of the academic institution (e.g., volunteering at a long-term care facility, providing health information to patients/citizens in the community, etc.) provided that it is consistent with the mission of the Rho Chi Society. The description must include whether these activities are on-going (if so, for how long) or are new initiatives. (Limit 1500 words)

How to Succeed in Pharmacy School 101
This event was organized in collaboration with PLS chapter for the incoming class of 2021. The event started with a presentation from both the Rho Chi and Phi Lambda Sigma executive boards about tips on how to survive pharmacy school. This then lead to a round-table discussion with small groups of students. The students were split in teams each of which was led by a Rho Chi and a PLS members. Students were allowed to ask questions followed by debriefing from team leaders. The Phoenix campus cohort was able to participate via video conference software.

Fall recognition luncheon
This is an annual event to recognize pharmacy and graduate students with GPA of 3.5 and higher. This year, we had two guest speakers; a professor and a faculty member from the University of Arizona College of Pharmacy. The theme was “how academic excellence translates into career success”. Lunch and certificates of recognition were provided to the students.

Adopt a Family
This is an annual philanthropy event where our chapter gives back to the community. We request a family of need from the Salvation Army. This year’s family was a single mother with two young boys. The chapter then organizes a drive to collect donations from faculty and students to fulfill the family’s wish list for the holidays. This year we were able to collect a money donation of more than $350 as well as the majority of the items in the family’s wish list. All of the donations were neatly wrapped and the executive board delivered the gifts to the family. It was incredibly rewarding to see the student body unite and make a holiday wish come true for the less fortunate in our community. The Adopt-A-Family program has been a philanthropy tradition for our chapter, and this activity will continue for years to come.

Healthy Body and Mind Session
This is a new meeting organized by our chapter to was promote physical activity and healthy life style among the students during high stressful times during their academic and professional careers. The session was open to everyone and lunch was provided to the attendees. We reserved a large lecture hall and the event was well-perceived and attendees asked for more sessions about healthy lifestyle choices. Due to time constraints, we were unfortunately unable to hold another session. We hope this event becomes a tradition of our chapter for the years to come.

Health Services Collegiate Programs with the U.S. Navy
This was our last event of the year before the initiation banquet. We were able to host a U.S. Navy officer to come and speak to students about scholarships and opportunities for pharmacists and student pharmacists. The officer was able to answer all of our student’s questions regarding applying. The event was open to everyone at the college. The purpose of this event was to provide unique, competitive career and scholarship resources to our outstanding students. The officers will be joining us in the future years and this event will be one of our chapter’s traditions as well.
Financial/ Budgeting: Provide information on how your budget was determined and approved and how it supported your chapter’s activities. Include information on fund-raising that was conducted to meet this budget. (Limit 250 words) (See Appendix 2 for Budget Example Template.) (For split campuses, please reference the budget items by campus.)

Fundraising projects for 2017-18 included bake sales held each semester. A new fundraising idea was proposed by the president in 2016 which included the sale of the Sanford infectious disease pocket book.

For the initiation banquet, our chapter sent donation letters. The chapter received a donation of $1500 from ScriptSave in Tucson and the rest of the banquet cost was all covered by the endowed Coit chair funds dedicated to school functions such as Rho Chi initiation. Details are provided in the table in appendix 2.

Initiation Function: Describe the initiation function, including when and where it took place, who attended it (not specific names), information on the speaker (if applicable), etc. (Limit 250 words)

Location:
The initiation took place at the Arizona Inn in Tucson in April 12th at 6:30-9:00 pm

Attendees:
Attendees included Rho Chi executive board members, chapter adviser, faculty guests including the dean of the college of pharmacy and two associate deans, two faculty initiates, two graduate students initiates, and 24 new pharmacy students initiates. A few of the new initiates’ families and spouses attended as well. The donors were invited but could not attend, unfortunately.

Guest speakers:
This year’s guest speaker was Dr. Marie Chisholm-Burns. Dr. Chisholm-Burns is the dean of The University of Tennessee Health Science Center College of Pharmacy. She is also a Six Sigma Black Belt and a graduate of the AACP Academic Leadership Fellows program along with being nationally and internationally known for her work in improving health care and outcomes through increasing solid-organ transplant recipients’ adherence to medication protocols, health literacy, and access to medical care.

Evaluation/Reflection: Provide a reflective paragraph that evaluates the effectiveness of your activities and ways to improve. (Limit 500 words)

This past year, the executive board worked tirelessly to implement new activities and changes geared toward the intellectual development of students and patient care. The chapter collaborated with the leadership society PLS to hold a question/answer session for the incoming first year pharmacy students to help them succeed academically as students and to learn how to effectively build leadership skills. The chapter also looked to expose the entire college of pharmacy to opportunities that they might not have known about with the general meeting with the United States Navy. It is an example of how the Alpha Psi chapter during the 2017-2018 academic year brought new opportunities to the College of Pharmacy that would have not otherwise been heard. Through the Stanford Infectious Disease Pocket manual sale the Alpha Psi chapter continued to promote high academic standards past the classroom and into the pharmacy student’s professional career with the sale of an academic aid. Overall, the chapter implemented many changes to benefit the student’s body at the college and to set an example of leadership, high ethical standards, and academic excellence.

Other information: If you would like to provide other information about your chapter that was not included in the above categories (e.g., development of a new website, organizing a regional meeting, etc.), add it here: (Limit 500 words)
The college started a phoenix cohort in 2016 and our chapter had 6 Rho Chi members in Phoenix initiated into the class of 2020. All meetings that were open to the entire student body such as the U.S. Navy meeting was broadcasted to Phoenix campus.

Provide and attach a list of the members of your Chapter by name as of the end of the academic year, showing the year in which they are scheduled to graduate.
FINANCES

Financial position as of May 15, 2018
Cash balance: $3,080.96
Accounts receivable: $0
Accounts payable: $0

Description of Semester Activities and Community Service

Fundraising
- Our Spring Bake Sale was a huge success since instead of doing the normal pastries and coffee, we had a pancake bar. 47 UA CoP students and faculty members joined KE Sigma chapter for the pancake bar. 10 KE members helped plan and run the event. Normally UA CoP organizations only make between $100-150, but our creative event allowed us to bring in $268.30.

- Faculty Raffle Fundraiser was one of our unique and successful fundraising events. This gave students a chance to build a friendship with professors outside of the school setting. In addition, it was a way for students to ask professors about their specialization if they were interested. We had 19 faculty members participate and offer their time and an event. 50 UA CoP students participated in this event. 10 KE members helped plan and run the event. From this event, we raised $658 dollars to go towards our goal.

Scholastic
- Along with the two other fraternities, we hosted an info and study tips event for the 1st year class. Two KE members participated in running the event, which had about 60 attendees.

Social
- We have monthly KE social activities including trivia night, bowling, and hiking. Each event was had about 6-7 KE members in attendance.

Community Service
• Fundraising for Bright Pink via a Penny War: we used a penny war between the three years of pharmacy students on campus to raise funds for the national project, Bright Pink. We raised $128.24 to donate.
• Members of KE participated in the Cystic Fibrosis Walk in April 2018.

Chapter Evaluation

Strengths
• Everyone was very good at not only fulfilling their own duties, but in lending a helping hand, helping other members fulfill their goals and tasks. This yielded successful events like our faculty raffle fundraising event and the cystic fibrosis walk.

Weaknesses
• Difficulty with communication
• Failed to get any new pledges from the 2021 class.

Concerns
Mostly, the size and age of the fraternity are among my greatest concerns. The fraternity has only 9 active members, and with most of them are entering their third year this fall. We will need new members if the fraternity is to survive.

INCOMING OFFICER LIST
Please attach an Excel list of incoming officers, including name, email, position, and graduation date (officers for 2018-2019 year)

Kappa Psi Annual Report for University of Arizona College of Pharmacy
Submitted by Sarina Dhaliwal, Regent
Submitted: May 2018

Rush

Kappa Psi had a successful rush this past fall semester. We started Rush with our annual rush BBQ at Reid Park. Students were able to meet and hang out with current brothers. All newly initiated brothers successfully passed through the pledge processes consisting of weekly meetings where they learn about the fraternity’s history and traditions. We held our annual haunted corn maze event for all new initiates and Big/Little Week (11/14-11/18) which ended in our Big/Little Reveal event on 11/19/17. Initiation took place at the College of Pharmacy on 11/30/16 where 38 pledges were initiated into Kappa Psi.

Membership

This year Kappa Psi initiated 38 pledges into Kappa Psi! This brings our roster to a total of 112 brothers.

Province

Fall Province

Province Chapter Awards: n/a

Province Delegates: Sarina Dhaliwal and Bradley Nash

Spring Province

Province Chapter Awards: n/a

Province Delegates: Sarina Dhaliwal and Nina Ameli

Philanthropy

Kappa Psi and IPSF had a joint philanthropy event at AIDS walk in October.

Throughout the month of November, Kappa Psi Gamma Upsilon raised money for the Movember campaign to promote men’s health. We held a mustache growing competition for the school and had students pay to vote for who had the best mustache. All proceeds raised went to the Movember foundation.

In February, we joined forces with PDC to build homes with Habitat for Humanity.

Fundraising

Kappa Psi hosted two bake sales this year on November 15, and March 1st, which raised $152. Other fundraisers for the year included whitecoat clipboards ($517.19), and a bowling fundraiser on 11/10 ($195).

We held two percentage nights this year at Pionic Pizza and at Chipotle in the spring raising $344.43. We also held a raffle at our annual Founder’s Day Banquet which raised more money for our chapter.

Founder’s Day Banquet
Our annual Founder’s Day Banquet took place at Gentle Ben’s. We had students and faculty in attendance to celebrate the founding of Kappa Psi. At the event, we held a raffle to raise money for the chapter with items donated (even some wonderful items donated by Dr. John Murphy)! We also introduced the newly elected E-Board as well as handed out chapter superlatives that brothers voted on.

Grad Ritual

On May 9th, we transitioned our 6 P4 brothers from collegiate brothers to graduate brothers. Our GCD and other brothers were in attendance.

Meetings

Per chapter bylaws, Kappa Psi held a monthly meeting during the entire academic calendar. The meeting dates are as follows:

9/23/2017: First General Meeting
10/13/2017: Second General Meeting
11/10/2017: Third General Meeting
01/24/2018: Fourth General Meeting
02/23/2018: Fifth General Meeting
03/21/2018: Sixth General Meeting – Officer Elections
04/27/2018: Seventh General Meeting
05/03/2018: Officer Transition Meeting

Social Events

Back to School Social- 9/1/17
Illegal Pete’s Social- 10/14/17
Haunted Corn Maze- 10/21/17
Big/Little Speed Dating- 11/2/17
Bowling Fundraiser– 11/3/17
Big/Little Reveal- 11/18/17
Welcome Back Social at No Anchovies- 1/26/18

2017-2018 Officers

Grand Council Deputy: Jason Karnes, PharmD, PhD

Regent: Sarina Dhaliwal
Vice Regent: Joey Howdeshell
Secretary: Joel Yamber
Treasurer: Segeun Kim
Historian: John Chang
Chaplain: Bri Choi
Sergeant at Arms: Mike Choi
Province Liaison: Nina Ameli
Pledge Educators: Bradley Nash and Josh Olsen
Social Chairs: Michael Abrahamson and Jarred Kay
Worthy Officers

For the 2017-18 school year, our Worthy Officers were as follows:

Worthy Chief Counselor – Stephen Merchant
Worthy Vice Counselor – Becca Smith
Worthy Keeper of Records and Seals – Nicole Woods
Worthy Keeper of Finance – Chong Woo Sun
Worthy Alumni Liaison – Shannon Flynn
Worthy Prelate – David Seto
Worthy Master at Arms – Hannah Throckmorton
Worthy Inner Guard – Courtney Coombe and Jeff Asman

Recruitment and Rush

Our Fall Rush saw 7 new members join our fraternity. Our Spring Rush saw had 13 new members join, including a graduate student studying medical pharmacology. Each Rush class was tasked with completing a brotherhood event, a fundraising event, and a philanthropy event. Examples of the events include a bowling night, a percentage night, and a volunteer day with Ben’s Bells.

Professional and Service Projects

Phi Delta Chi attempts to give back to the community by using both our pharmacy knowledge and our physical abilities. One of the examples of a professional service event that our fraternity takes part in is the University of Arizona’s Pharmacy Day on the Mall. This last year, our members ran a booth where we educated the public on proper use of OTC medications. We also partake in other service projects such as our monthly park cleanup, where we clean up the park on Grant and Campbell. Once a year, we also team up the other two professional fraternities and Habitat for Humanity to help build homes in parts of Tucson.

Philanthropy

PDC does two main philanthropy fundraisers that benefit St. Jude’s Children’s Hospital. In the fall, our fraternity ran a volleyball tournament, and in the spring, we held a softball tournament. All students and faculty were invited to both events. Combined, we raised almost $200 for St. Jude’s this last year.

Brotherhood

Brotherhood events are one of the core components of our fraternity and are designed to bring our members closer together and to provide a respite from the rigors of classwork. Our goal was to have at least one large social event and one additional smaller event per month. Examples of some of the events we held were: Dave and Buster’s Game Night, Brothers on 4th Night, Karaoke Night, Geeks Who Drink Trivia Night, Pumpkin Carving, Holliday Cookie Exchange, Bowling Night, Click’s Billiards Night, and Casino Night.

We also have two large dinners each year to help celebrate our brotherhood. The first is our Founder’s Day Dinner, which is held in November and was recently held at Reilly Craft Pizza and Drink. The second is the
Senior Dinner, which is held in May and honors the graduating members of our fraternity. This year, the Senior Dinner was held at Cheesecake factory.

**Alumni Outreach**

Our alumni base is an important part of fraternity. It is our belief that once you are a brother of Phi Delta Chi, you are a brother for life. All alumni brothers are invited to our tailgate at homecoming, Founder’s Day, Senior Dinner, and Initiation. Alumni brothers are also kept up to date through monthly emails coordinated through our Worthy Alumni Liaison.

**Graduating Brothers**

The graduating class of 2018 saw 15 brothers of Phi Delta graduate. Graduating brothers include: Andrew Chun, Oliver Goal, Andrea Gooden, Christopher Hagen, Tosan Isemede, Farah Raheem, Lauren Sanders, John Sellers, Supranee Soontomprueksa, Kelvin Tran, Vincent Tsang, Nathan Venger, Mary Johnson, Jennifer Panic, and Jamie Vraney.

**Incoming Officers**

The following is a list of our incoming officers. These officers were sworn in during our April Formal Meeting.

- Worthy Chief Counselor – Ajla Mujezinovic
- Worthy Vice Counselor – Jeff Asman
- Worthy Keeper of Records and Seals – Dylan Wei
- Worthy Keeper of Finance – Bianca Glab
- Worthy Alumni Liaison – Shannon Flynn (interim)
- Worthy Prelate – Justin Goal
- Worthy Master at Arms – Courtney Coombe
- Worthy Inner Guard – Thy Phi
