final evaluations due:

*IPPE RHPP Summer 2*

**July 17, 2026**

Rotation end date and

final evaluations due:

*IPPE Summer 3*

**August 6, 2026**

Rotation end date and

final evaluations due:

*APPE Block 2*

## Preceptor spotlight!

**The R. Ken Coit College of Pharmacy at the University of Arizona proudly introduces Carrie Roth, PharmD, Walgreens District Pharmacy Supervisor - Alaska. Dr. Roth earned her PharmD from the University of Arizona College of Pharmacy and has been a preceptor since 2023.**

Figure 1: Carrie Roth, PharmD, Walgreens District Pharmacy Supervisor - Alaska

Hello, my name is Carrie and I am the district pharmacy supervisor for Walgreens in Alaska. My job responsibilities include pharmacy compliance, customer service and ensuring my entire district is providing high quality patient centered care. I am accountable for overall pharmacy profitability and growth, cost control, pharmacy scheduling, upskilling the talent pipeline, and recruitment, development, retention and performance of all pharmacy staff. I own compliance, patient safety and adherence. I partner very closely with my district manager and regional vice president to drive execution.

As a student on rotation with me, you will have the opportunity to focus on community pharmacy, compounding, MTM services, immunizations, community engagement, administration and/or business analytics depending on your interests. There may be opportunities to travel, if interested. My hope for students is that they gain practice knowledge, as well as insight into some of the unique challenges of practicing in the State of Alaska.

In my free time, I enjoy hiking, kayaking, and fishing. I would welcome the opportunity to spend time with students in the outdoors, exploring Alaska's beautiful landscapes and sharing the adventures and opportunities that make the Last Frontier so special.
