December 9, 2026
Rotation end date and
final evaluations due:
IPPE Fall

Rotation spotlight!

The R. Ken Coit College of Pharmacy at the University of Arizona proudly supports Longitudinal Advanced Pharmacy Practice Experiences (LAPPE) for our APPE students.

SJHMC Longitudinal Residency Track APPE Program

The program consists of three rotation blocks. Students will complete two required rotations and one elective rotation. Please note, the rotations may not be scheduled consecutively. At least one of the clinically focused rotations will be scheduled before December in order to account for ASHP Midyear and residency application considerations. Students are expected to successfully complete all three clinical rotations and assignments listed below:

- Required rotation 1: Internal Medicine
- Required rotation 2: Critical Care (Trauma ICU, Medical ICU, Neuro ICU, or Cardiovascular Surgery ICU)
- Elective rotation 3: Students will be asked to rank their choice of rotations from: Cardiology, Emergency Medicine, Hematology/Oncology, Infectious Diseases, Neonatal Intensive Care, or Solid Organ Transplant (Lung or Kidney/Liver).

Students will be provided with more detailed information once classes start. Applications due: **9/30/26**. Interviews to follow mid-October, final decision by mid-November.

Special Events!

September 18, 2026
Mock Interview Day

October 30, 2026
Career Day
