

OUTSIDE SPEAKERS AT OFFICIAL COP CEREMONIES POLICY

College ceremonies are designed to honor or recognize students, faculty, staff, alumni and others. When these events have external speakers, the speakers are chosen to deliver specific messages to the audience of the moment. Because of these purposes, the college or its representatives will allow only speakers invited to deliver such messages. Representatives from organizations that sponsor events other than ceremonies may be speakers at these non-ceremonial events. Sponsors for both official ceremonies and non-ceremonial events will be recognized for their sponsorship at the event and noted in written programs when these are provided for the event.
